10mm One-Shot Disrupter

DESCRIPTION

The 10mm One-Shot is an affordable and powerful, single-use disrupter engineered to combat the threat of high risk IEDs. It is lightweight, compact and comes pre-loaded for firing traditional water shots. Equipped with a built in tripod, this general-purpose disrupter can be easily deployed for dismounted or mounted operations, making it an adaptable tool for any scenario.

For optimal use, the 10mm One-Shot can be fired with the Proparms P2 blasting machine and wire wheel or with any electric source(6V minimum). The maximum recommended standoff is 46 cm(18 inches).

Use the 10mm One-Shot for unmatched disruption power in a disposable package.

AMMUNITION

No additional ammunition required.
The 10mm One-Shot Disrupter is pre-loaded with a built in cartridge (20 Grain).
