

32 ROUNDS CAR MOUNT LAUNCHER (REMOTE CONTROLLED)

This 32 rounds multiple launcher will be installed on top of the Armored Police vehicle and can be operated by remote controller remaining inside the car.

All kinds of 38mm or 40mm tear gas cartridges or rubber ball cartridges can be fired from this launcher.

Due to 32 rounds multiple fire can be very efficient for large volume crowd control and protect police officers from exposing outside violent environment.
