

MOBILEDETECT Field Drug Test Kits

**SAFER, EASIER,
MORE ACCURATE**

Still using the old-fashioned test kits from the 1970s?

MobileDetect combines colorimetric and lateral flow assay technologies to give you the most comprehensive drug detection available. Check out some of our popular test kits below, and visit [Tacticalsupplypakistan.com](https://tacticalsupplypakistan.com) to browse our always-growing drug detection catalogue.

Popular Tests:

- Multi-Drug
- CBD/THC
- Meth
- Cocaine
- Fentanyl
- Xylazine

TEST DETAILS

test number	0010285
test card QR code	BHE0004944
algorithm version	1.0.0
date	2024-04-29
time	4:30 PM
GPS coordinates	0.000000, 0.000000
barcode	P500010133700
CAS #	67-63-0
pad cleanliness	88%
print result	PASSED

GPS LOCATION

ADDITIONAL NOTES
 White powder substance found in suspect vehicle center console.

ADDED 2023-04-29 04:32 PM

FREE, AUTOMATED REPORTING

The MobileDetect App builds customizable reports with all the case file details, including:

- Time/date
- Test result
- Notes and photos
- GPS mapping

TRACE DETECTION TEST STRIPS

Lateral flow assay test strips give MobileDetect users nanogram-level detection for:

- Fentanyl
- Xylazine
- K2/Spice & K3/NACAs
- Mushrooms

EVIDENCE

RAMAN CAPABLE

The MobileDetect App also powers the Apex R7 Raman Spectrometer.

Now, you can combine MobileDetect's trace drug detection capability with the industry's most advanced chemical identification device, all through one app. Point, shoot and identify a sample in less than 10 seconds.

CONCLUSION With MobileDetect, you get...

- Safer, more accurate drug test kits
- A free, optional app that generates case-file-ready reports
- Free online training and certification
