KNP GEN II

TACTICAL PERISCOPE

Experience enhanced situational awareness with the cutting-edge KNP Gen II surveillance periscope, designed to provide safe, effortless, and cost-effective visibility over walls or around corners. It is designed for law enforcement and military use. This handheld device features a variable 4-9x power zoom and a 57 cm slide bar.

Built with high-quality CNC-machined aluminum, the KNP Gen II is durable and reliable. Its optical system boasts AR coated prisms and lenses for clear and precise vision. The lightweight, high-impact plastic housing rubber eye cup ensure user comfort, even for those wearing glasses. Plus, the belt hook accessory allows for easy transport.

With its extendable slide bar, you gain a 57 cm height advantage, and the 4-9x lens enables seamless switching between wide and close-up views for accurate targeting.

Elevate your surveillance capabilities with the KNP Gen II.

KEY FEATURES

- **COST-EFFECTIVE & VERSATILE**
High-performance, affordable surveillance device
- **VARIABLE MAGNIFICATION**
Adjustable 4x to 9x zoom to effectively observe targets at different distances
- **ENHANCED HEIGHT ADVANTAGE**
The extendable slide bar provides an additional 57 cm of height, enabling users to increase their field of view while staying safely behind cover
- **ENHANCED SAFETY**
Allows observation from concealed positions, reducing exposure to threats
- **HANDS-FREE PORTABILITY**
Designed with a belt hook for convenient hands-free carrying
- **QUICK DEPLOYMENT**
Ready to use instantly with no setup required
- **ROBUST AND RELIABLE BODY DESIGN**
Robust and reliable design to maintain functionality, usability, ergonomics and performance in harsh conditions
